

Jens S. is changing ERP system on 2 November

We would like to inform you that Jens S. Transmissioner will be changing ERP system on 2 November 2026. The purpose of this change is to strengthen our processes and ensure even better service moving forward. Our goal is to complete the transition with minimal impact on daily operations, but minor disruptions can unfortunately not be ruled out.

To enable the change, our current system will be shut down on 29–30 October, and during these days we will not be able to process new orders or carry out deliveries. We therefore encourage you to plan your orders well in advance of this period, and to schedule priority orders for delivery before Thursday 29 October.

We are actively working to ensure a smooth transition and expect to resume deliveries as normal the following week. If you have any questions, you are very welcome to reach out to your contact person at Jens S. Transmissioner.

We apologize for any inconvenience this may cause and thank you for your understanding, patience and continued cooperation.

Kind regards

A handwritten signature in black ink, appearing to read "Thomas Klausen", with a stylized, flowing script.
